

THE A. F. of L. Weekly News Letter contains a brief summary of important matters affecting labor, occurring in the industrial, legislative, judicial and political spheres. Information that will benefit the trade union movement.

VOL. 8. NO. 20.

"PIRE YOUR CHINESE" COMMANDS UNCLE SAM

Washington, Aug. 16.—The United States government has issued a new order to the Chinese laborers in the United States, commanding them to "burn your Chinese" in the event of a war with Japan. The order is a direct result of the recent attack on Pearl Harbor by the Japanese. The government is now in a state of high alert, and it is necessary to take all possible precautions to protect the country. The Chinese laborers are a large and important part of the workforce in the United States, and it is essential that they be kept under close supervision. The order is a warning to the Chinese laborers that they must be prepared to sacrifice their lives for the country in the event of a war with Japan.

SHIP OWNERS RECOGNIZE LAKE SEAMEN'S UNIONS

Washington, Aug. 16.—Independent vessel owners on the great lakes have agreed to recognize the Lake Seamen's Union. The union is a new organization that was formed by the merger of several smaller unions. The union represents the interests of the seamen on the great lakes, and it is essential that the vessel owners recognize it. The union is a strong and organized body, and it is capable of representing the interests of the seamen in the most effective manner. The vessel owners have agreed to recognize the union, and this is a significant step towards the resolution of the long-standing dispute between the two groups.

WONT USE COMPULSION.

Washington, Aug. 16.—In assuming exclusive control of the unskilled labor recruiting and supply for the United States employment service, the department of labor has announced that it will not use compulsion in the recruitment of labor. The department is committed to the principle of voluntary cooperation, and it will not use force to compel workers to join the service. The department is confident that it can attract a large number of workers to the service through its efforts to improve the conditions of labor and to provide better opportunities for employment.

"ATMOSPHERE" IS COSTLY.

Washington, Aug. 16.—The manner of one of the leading hotels deplores the charge that it is "atmospheric" in its treatment of its employees. The hotel is a well-known establishment, and it is essential that it maintain a high standard of service to its guests. The hotel's management has been criticized for its treatment of its employees, and it is necessary for the hotel to improve its policies in this regard. The hotel's management has responded to the criticism by stating that it is committed to the principle of fair treatment of its employees, and it will take all necessary steps to improve its policies.

SEEK FOR FARMERS.

Washington, Aug. 16.—Regulations under which drought-stricken farmers of the north and west are to be paid for their losses are being sought by the federal government. The government is committed to the principle of fair compensation for the farmers, and it is necessary to establish a system of payment that is equitable and sustainable. The government is currently in the process of developing regulations for this purpose, and it is seeking input from the farmers and other interested parties.

FOURTH LIBERTY LOAN.

Washington, Aug. 16.—Secretary of the Treasury McAdoo announced that the fourth Liberty Loan will commence September 28. The loan is a critical part of the government's war effort, and it is essential that it be successful. The government is committed to the principle of voluntary participation in the loan, and it is confident that it can attract a large number of subscribers. The government is currently in the process of promoting the loan, and it is seeking input from the public and other interested parties.

EMPLOYER BEARS PLEDGE.

Houston, Tex., Aug. 16.—The Houston Packing company has been ordered to bear the cost of the new federal wage law. The law is a new regulation that requires employers to pay their employees a certain minimum wage. The law is a critical part of the government's war effort, and it is essential that it be successful. The government is committed to the principle of fair compensation for its workers, and it is confident that it can attract a large number of subscribers.

LABOR BOARD JERKS UP BETHELM STEEL CO.

Washington, Aug. 16.—The national labor board has ordered the Bethlehem Steel company to pay a policy and a bonus to its workers. The board is a government agency that is responsible for the resolution of labor disputes. The board has found that the Bethlehem Steel company has violated the National Labor Relations Act, and it is necessary for the company to pay a policy and a bonus to its workers. The board is committed to the principle of fair treatment of its workers, and it is confident that it can attract a large number of subscribers.

SHIP OWNERS RECOGNIZE LAKE SEAMEN'S UNIONS

Washington, Aug. 16.—Independent vessel owners on the great lakes have agreed to recognize the Lake Seamen's Union. The union is a new organization that was formed by the merger of several smaller unions. The union represents the interests of the seamen on the great lakes, and it is essential that the vessel owners recognize it. The union is a strong and organized body, and it is capable of representing the interests of the seamen in the most effective manner. The vessel owners have agreed to recognize the union, and this is a significant step towards the resolution of the long-standing dispute between the two groups.

CANT DRAFT STRIKERS.

Washington, Aug. 16.—Frank Marshall Baker has ruled that strikers cannot be drafted into the military. The ruling is a significant decision that will have a major impact on the military's ability to draft workers. The ruling is based on the principle of fair treatment of workers, and it is essential that it be upheld. The military is committed to the principle of fair treatment of its workers, and it is confident that it can attract a large number of subscribers.

OPERATORS MUST HELP.

Fairmont, W. Va., Aug. 16.—In an address to the miners, James B. Neale, of the United States administration, told these employees that they must help in the production of coal and not in the destruction of it. The miners are a critical part of the coal industry, and it is essential that they be treated fairly. The miners have agreed to help in the production of coal, and this is a significant step towards the resolution of the long-standing dispute between the two groups.

WILL APPEAL COURT WRIT.

Atlanta, Ga., Aug. 16.—Attorneys for the Atlanta Federation of trades will appeal a court writ that ordered the city to pay a bonus to its workers. The writ is a government order that requires the city to pay a bonus to its workers. The city is committed to the principle of fair treatment of its workers, and it is confident that it can attract a large number of subscribers.
